

Test Case ID	User Story	Preconditions	Steps	Scenario	Input Data	Expected Output	⌚ Priority	⌚ Actual Result
TC-US01-01	User Story 1: User Registration	User is on Signup page	Enter a valid email and strong password, then click Signup	Valid ECP – Positive Flow	Email: newuser123@gmail.com Password: StrongPass@123	System should create the account and redirect to homepage	Low	PASS
TC-US01-02	User Story 1: User Registration	An account already exists with same email	Enter existing email and any password → Click Signup	Invalid ECP – Duplicate Entry	Email: newuser123@gmail.com Password: StrongPass@123	System should show 'Email already exists' error	Low	PASS
TC-US01-03	User Story 1: User Registration	User on Signup page	Enter email without '@' → Enter valid password → Click Signup	ECP – Invalid Email	Email: newuser@gmail.com Password: ValidPass@123	System should show 'Invalid email format' error	Low	PASS
TC-US01-04	User Story 1: User Registration	User on Signup page	Enter valid email → Enter password below minimum length → Click Signup	BVA – Password Length	Password: abc12	System should show 'Password too short'	Low	PASS
TC-US02-01	User Story 2: User Login	User is a registered user	Open login page → Enter valid email & password → Click Login	Valid ECP	Email: newuser123@gmail.com Password: StrongPass@123	User should be logged in and redirected to Dashboard	Low	PASS
TC-US02-02	User Story 2: User Login	User is registered	Enter valid email → Leave password blank → Click Login	ECP – Invalid Input	Password: ""	System should show to fill Password	Low	PASS
TC-US02-02	User Story 2: User Login	User previously attempted login	Enter wrong password → Click Login	Invalid ECP / Error Handling	Password: WrongPass123	System should show 'Invalid credentials'	Low	PASS
TC-US03-01	User Story 3: Social Login	User has a Google account logged in on browser	Click 'Login with Google' → Authorize access	Scenario-Based Testing	Google Account: user.google.account@gmail.com	User should be logged in via Google OAuth	Low	PASS
TC-US03-02	User Story 3: Social Login	User launches Google popup	Click 'Login with Google' → Cancel the popup	Error Guessing / Negative Flow	Action: Cancel authorization	System should show 'Login cancelled' and stay on login page	Low	FAIL
TC-US03-03	User Story 3: Social Login	User's Google account has expired token	Click 'Login with Google' → Google returns expired token	Error Guessing / CEG	OAuthToken: Expired	System should show 'Session expired, please retry'	Low	FAIL
TC-US03-04	User Story 3: Social Login	User attempts Apple login	Click 'Login with Apple' → Successful Apple OAuth	Valid Scenario	AppleID: user@apple.com	User should be logged in via Apple OAuth	Low	FAIL
TC-US04-01	User Story 4: Password Recovery	User has an active account	Go to Forgot Password → Enter registered email → Submit	Valid Scenario	Email: existinguser@gmail.com	Reset password email should be sent successfully	Medium	PASS
TC-US04-02	User Story 4: Password Recovery	User has a valid reset link	Open reset link → Enter mismatched passwords → Submit	BVA – Mismatch Condition	Pass1: NewPass@123 Pass2: NewPass@124	System should show 'Passwords do not match'	Low	PASS
TC-US04-03	User Story 4: Password Recovery	User has invalid/non-existing email	Open Forgot Password → Enter unregistered email → Submit	ECP – Invalid Email	Email: unknown@mail.com	System should show 'Invalid login credentials'	Low	PASS
TC-US04-04	User Story 4: Password Recovery	User opens expired reset link	Click expired reset link → Enter new password BVA values	Error Guessing BVA	ResetLink: Expired	System should show 'Reset link expired'	Medium	PASS
TC-US05-01	User Story 5: Secure SignOut	User is logged in	Open menu → Click Logout	State Transition – LoggedIn → LoggedOut	Session: Active	System should clear session and redirect to login page	Low	FAIL
TC-US05-02	User Story 5: Secure SignOut	User logged in from multiple devices	Select 'Logout from all devices'	Scenario-Based Testing	Action: LogoutAllDevices	All sessions should be terminated successfully	Low	FAIL
TC-US05-04	User Story 5: Secure SignOut	User inactive for long period	System auto-expires session → User performs an action	State Transition – Auto Logout	Inactivity: 30+ mins	System should redirect to login with 'Session expired'	Medium	PASS
TC-US06-01	User Story 6: View Profile	User has an active session	Navigate to /profile	Valid Scenario	SessionToken: Valid	Profile (name, email, subscription) should load correctly	Low	PASS
TC-US06-02	User Story 6: View Profile	User is not authenticated	Open /profile directly	Error Guessing	SessionToken: Non	System should redirect user to Login page	Low	FAIL
TC-US07-01	User Story 7: Update Profile	User logged in	Open profile → Update username → Save	Valid ECP	New Username: user_updated	System should save updated username	Low	PASS
TC-US07-02	User Story 7: Update Profile	User logged in	Open profile → Enter weak password → Click Save	BVA – Weak Password	Password: 12345	System should show 'Weak password' error	Low	FAIL
TC-US07-03	User Story 7: Update Profile	User logged in	Change profile image → Upload ~5MB file	BVA – File Size	Image: 6MB	System should show 'File too large'	Medium	PASS
TC-US07-04	User Story 7: Update Profile	User updates username with invalid characters	Enter username "user@123" → Save	ECP – Invalid Username	Username: user@123	System should show 'Invalid characters in username'	Low	FAIL
TC-US08-01	User Story 8: Security Notifications	User logs in from a new device	Login from unfamiliar device	CEG – New Device Detected	DeviceID: NEW_01	Security alert email should be sent	Medium	FAIL
TC-US08-02	User Story 8: Security Notifications	Suspicious device exists in history	Open device activity → Block suspicious device	Scenario / CEG	DeviceID: SUSPICIOUS_44	Device should be blocked and removed from session list	Medium	FAIL
TC-US09-01	User Story 9: Admin Authentication	Admin account exists	Open login → Enter admin credentials	Valid ECP	Email: admin@nc.com Password: AdminPass@1	Admin should be redirected to Admin Dashboard	Low	PASS
TC-US09-02	User Story 9: Admin Authentication	Normal user exists	User attempts to login to Admin dashboard	Invalid ECP	Email: user@gmail.com	System should deny access and show authorization error	Low	FAIL
TC-US09-03	User Story 9: Admin Authentication	Admin password is incorrect	Open admin login → Enter correct email + wrong password	ECP – Invalid Password	Password: WrongAdmin@22	System should show 'Invalid credentials'	Low	PASS
TC-US09-04	User Story 9: Admin Authentication	Admin account locked after failed attempts	Attempt 5 failed logins → Try again	State Transition – Lockout	Attempts: 5	System should show 'Account locked. Try after X minutes'	High	FAIL
TC-US10-01	User Story 10: Manage Books	Admin logged in	Navigate to Books → Add Book → Save	Scenario-Based Testing	Title: New Book Author: A1 Price: 299	Book should be added to the catalogue	Low	PASS
TC-US10-02	User Story 10: Manage Books	Admin logged in	Open Book → Delete → Confirm Delete	Scenario / Risk-Based	BookID: 101	Book should be removed from catalogue	Low	PASS
TC-ST11-001	User Story 11: Manage Reviews	Admin logged in	Open admin panel → Go to Reviews	View all reviews	AdminID:1	All reviews displayed	Low	PASS
TC-ST11-003	User Story 11: Manage Reviews	Admin logged in	Search review by keyword → View filtered list	ECP – Search Reviews	Keyword: 'spoiler'	Only matching reviews displayed	Low	FAIL
TC-ST11-004	User Story 11: Manage Reviews	Admin logged in	Delete a review → Confirm delete	Scenario – Delete Review	ReviewID: 503	Review removed from system	Medium	PASS
TC-ST11-002	User Story 11: Manage Reviews	Admin logged in	Select review → Click Flag	Flag offensive review	ReviewID: 501	Review flagged	Low	PASS
TC-ST12-001	User Story 12: Manage Authors & Publishers	Admin logged in	Add Author → Save	Add new author	Name: John Doe	Author added	Low	FAIL
TC-ST12-002	User Story 12: Manage Authors & Publishers	Admin logged in	Add Publisher → Save	Add new publisher	Name: Moonlight Press	Publisher added	Low	FAIL
TC-ST13-001	User Story 13: Analytics & Trends	Admin logged in	Select Most Viewed	View most viewed books	None	Most viewed books shown	Low	PASS
TC-ST13-002	User Story 13: Analytics & Trends	Admin logged in	Click Export CSV	Export analytics	Format: CSV	File downloaded	Low	PASS
TC-ST14-001	User Story 14: Reading Books	User logged in	Click book to open	Open reader	BookID:901	Reader opened	Low	PASS
TC-ST14-002	User Story 14: Reading Books	User reading	Turn pages	Update progress	None	Progress saved	Low	PASS
TC-ST15-001	User Story 15: Auto Mark Read	User finishes book	Reach last page	Auto mark as read	BookID:901	Status changed to Mark as Read	Low	PASS
TC-ST15-002	User Story 15: Auto Mark Read	Book marked read	Click Revert	Revert status	None	Status reverted	Medium	FAIL
TC-ST16-001	User Story 16: Wishlist	User logged in	Add to Wishlist	Add book to Reading List	BookID:1201	Book added	Low	PASS
TC-ST16-002	User Story 16: Wishlist	Book in wishlist	Remove book	Remove from List	BookID:1201	Book removed	Low	PASS
TC-ST17-001	User Story 17: Books Read	User has completed books	Open Already Read	View completed list	UserID:101	Completed books shown	Low	PASS
TC-ST17-002	User Story 17: Books Read	Book in list	Click book	Open book details	BookID:1301	Details opened	Low	PASS
TC-ST18-001	User Story 18: Cross Device Sync	Reading on device A	Open on device B	Sync progress	DeviceA/B	Progress synced	Medium	PASS
TC-ST18-002	User Story 18: Cross Device Sync	Bookmark added	Open other device	Sync bookmark	None	Bookmark synced	Medium	PASS
TC-ST19-001	User Story 19: Rating	User read book	Rate 5 stars	Save rating	Rating:5	Rating saved	Low	PASS
TC-ST19-002	User Story 19: Rating	Rating exists	Change rating	Update rating	Rating:3	Rating updated	Low	PASS
TC-ST20-001	User Story 20: Upload Reviews	User read book	Submit review	Submit valid review	Text:Great book	Review posted	Low	PASS
TC-ST20-002	User Story 20: Upload Reviews	Review exists	Edit review	Save updated review	Text:Updated review	Review updated	Medium	FAIL

Test Case ID	User Story	Preconditions	Steps	Scenario	Input Data	Expected Output	⌚ Priority	⌚ Actual Result
TC-ST21-001	User Story 21: Discussing About the Book	User logged in	Open book → Write a meaningful comment → Submit	Post a valid comment	Comment: 'Amazing book! Loved the pacing.'	Comment successfully posted and visible in thread	Low	PASS
TC-ST21-002	User Story 21: Discussing About the Book	User logged in	Open comment → Click Report → Select reason → Submit	Report abusive comment	Reason: 'Abusive language'	Comment marked as reported and sent for moderation	Low	PASS
TC-ST22-001	User Story 22: Bookmarking & Notes	User reading a book	Click Bookmark on current page	Add a bookmark	Page: 45	Bookmark saved and visible in list	Low	PASS
TC-ST22-002	User Story 22: Bookmarking & Notes	Bookmark exists	Open bookmark → Add/Update a note → Save	Add a note to bookmark	Note: 'Important plot twist here'	Note saved and shown under the bookmark	Low	FAIL
TC-ST23-001	User Story 23: Highlighting	User reading text	Select text → Click Highlight	Highlight selected text	Text: 'Key passage'	Text highlighted in chosen color	Low	PASS
TC-ST23-002	User Story 23: Highlighting	Highlight exists	Click on highlighted text → Remove highlight	Remove highlight	None	Highlight removed successfully	Low	FAIL
TC-ST24-001	User Story 24: Browse Catalogue by Genre	User on homepage	Click on any genre (e.g., Mystery)	Open genre-based catalogue	Genre: Mystery	Genre-specific books displayed	Low	PASS
TC-ST24-002	User Story 24: Browse Catalogue by Genre	User is on genre page	Scroll through results	Confirm only relevant books appear	None	Only genre-matching books displayed	Low	PASS
TC-ST25-001	User Story 25: Basic Search	Books exist	Enter search query → Press Search	Valid book search	Query: 'Harry Potter'	Matching books displayed	Low	PASS
TC-ST25-002	User Story 25: Basic Search	Books exist	Enter non-matching query → Press Search	Empty results search	Query: 'randomxyz'	No books match your search' message displayed	Low	PASS
TC-ST26-001	User Story 26: View Trending Books	User on homepage	Filter to Trending section	View trending books	None	Trending Now section visible	Low	PASS
TC-ST26-002	User Story 26: View Trending Books	Trending books exist	Filter to Trending section	Open trending book details	BookID: 2101	Book details page opens	Low	PASS
TC-ST27-001	User Story 27: Find New Releases	User logged in	Filter to New Releases tab	Open New Releases section	None	New releases displayed (sorted by most recent)	Low	PASS
TC-ST27-002	User Story 27: Find New Releases	Books released recently exist	Filter to New Releases tab	Filter books from last 30 days	None	Books older than 30 days are excluded	Low	PASS
TC-ST28-001	User Story 28: Subscribing to a Plan	User logged in	Open Subscription Page → Choose plan → Pay	Valid subscription purchase	PlanID: P01	Subscription activated successfully	High	PASS
TC-ST28-002	User Story 28: Subscribing to a Plan	User logged in	Select plan → Enter invalid card → Pay	Payment failure scenario	Card: Invalid number	Payment failed message displayed	High	PASS
TC-ST29-001	User Story 29: Managing Subscription Plans	Admin logged in	Open Admin Panel → Create New Plan → Save	Admin adds new plan	Plan: Gold Plan	New plan added successfully	High	FAIL
TC-ST29-002	User Story 29: Managing Subscription Plans	Plan exists	Open plan → Edit details → Save	Admin updates existing plan	PlanID: P02	Plan updated successfully	Medium	FAIL
TC-ST30-001	User Story 30: Completing Secure Payments	User purchasing plan	Select plan → Proceed to Payment Gateway	Valid secure payment	PlanID: P01	Payment successful & status updated	High	FAIL
TC-ST30-002	User Story 30: Completing Secure Payments	User attempting payment	Enter expired card → Submit	Failed payment transaction	Card: Expired	Payment marked as Failed	Medium	PASS
TC-ST31-001	User Story 31: Monitoring Secure Payments	Admin logged in	Navigate to Admin Dashboard → Open Payments Log	View all logged payment transactions	None	Payment logs are displayed with correct timestamps and statuses	High	FAIL
TC-ST31-002	User Story 31: Monitoring Secure Payments	Admin logged in; at least one failed transaction exist	Open Payments → Select a failed transaction	Verify gateway response for failed transaction	TransactionID: TXN-F001	Gateway response details are visible and match failure reason	Medium	FAIL
TC-ST32-001	User Story 32: Viewing Order History	User logged in	Go to Profile → Click Order History	View full order history list	UserID: 101	Order history displays all past orders chronologically	High	FAIL
TC-ST32-002	User Story 32: Viewing Order History	User logged in; pending order exists	Open Order History → Select pending order	View pending order information	OrderID: 501-P	Pending status is clearly shown with details	Medium	FAIL
TC-ST33-001	User Story 33: Maintaining Order History	Admin logged in	Open Order Records → Select an order	Verify stored order data accuracy	OrderID: 7001	Order details match payment and subscription logs	High	FAIL
TC-ST33-002	User Story 33: Maintaining Order History	Admin logged in	Go to Orders → Apply filter (Date Range)	Filter order history	Date Range: Last 30 days	Filtered list shows only relevant orders	Medium	FAIL
TC-ST34-001	User Story 34: Analyzing Retention Data	Admin logged in	Open Analytics → Select Retention	View retention analytics	None	Retention metrics (renewal, churn) load correctly	High	PASS
TC-ST34-002	User Story 34: Analyzing Retention Data	Admin logged in	Open Retention → Apply filter (Plan Type)	Filter retention report	Plan: Premium	Filtered retention graph updates correctly	Medium	PASS
TC-ST35-001	User Story 35: Selecting Favourite Authors & Genres	User logged in	Open Preferences → Select favourite authors → Save	Save favourite authors	Authors: Author A, Author B	User preferences saved successfully	Low	PASS
TC-ST35-002	User Story 35: Selecting Favourite Authors & Genres	User has saved preferences	Open Home page	Verify updated suggestions	None	Recommendations reflect chosen authors and genres	Medium	FAIL
TC-ST36-001	User Story 36: AI Smart Suggestions	User logged in; has reading history	Open Home page	Load personalized AI suggestions	None	Suggestions appear based on reading history and ratings	High	FAIL
TC-ST36-002	User Story 36: AI Smart Suggestions	New user with no history	Open Home page	Load AI suggestions for new users	None	System shows popular books or similar-user suggestions	Medium	FAIL
TC-ST37-001	User Story 37: AI Summary Generation	Book approved for AI summary	Open book → Click Generate Summary	Generate short AI summary	BookID: 801	Non-spoiler summary is displayed	High	FAIL
TC-ST37-002	User Story 37: AI Summary Generation	Book not approved for summary	Click Generate Summary	Check restricted summary generation	BookID: 802	User sees message: 'Summary unavailable'	High	FAIL
TC-ST38-001	User Story 38: AI Scene Generation	User reading; passage highlighted	Highlight passage → Click Generate Scene	Generate AI scene	Highlight: 'Forest battle scene'	AI-generated image displayed	High	FAIL
TC-ST38-002	User Story 38: AI Scene Generation	AI service downtime	Click Generate Scene	Scene generation failure handling	None	Meaningful error message shown to user	High	PASS
TC-ST39-001	User Story 39: Genre Reading Visualization	User logged in	Open Profile → Click Genre Stats	Open genre visualization chart	None	Genre chart loads showing distribution of books read per genre	High	PASS
TC-ST39-002	User Story 39: Genre Reading Visualization	User has reading data	Apply time filter (Last 30 days)	Filtered genre visualization	Filter: Last 30 days	Chart updates correctly to match timeframe	Medium	PASS
TC-ST40-001	User Story 40: Personalized Notifications & Alerts	User logged in; notifications enabled	Open Home page	View alerts for new releases	None	Relevant release/suggestion alerts shown	High	FAIL
TC-ST40-002	User Story 40: Personalized Notifications & Alerts	Notification visible	Click notification	Navigate to linked content	BookID: 901	User is redirected to book details page	Medium	FAIL
TC-ST41-001	User Story 41: AI-Curated Reading Digest	User logged in	Open Reading Digest → Select Daily	Generate daily digest	Type: Daily	Daily digest with 3-5 books displayed	High	FAIL
TC-ST41-002	User Story 41: AI-Curated Reading Digest	Recent reading activity exists	Read book → Open Digest	Digest updates with activity	BookID: 1102	Digest updated according to recent reading	Medium	FAIL
TC-ST42-001	User Story 42: Reading Streaks & Personalized Challenges	User reads daily	Read book → Open Dashboard	Track streak	TimeSpent: 5 mins	Streak increases by one day	High	PASS
TC-ST42-002	User Story 42: Reading Streaks & Personalized Challenges	Genre challenges enabled	Open Challenges Page	View genre challenges	Genre: Mystery	Genre-based challenges displayed	Medium	FAIL
TC-ST43-001	User Story 43: Adaptive Learning Recommendations	User inactive in a genre	Open Explore	AI detects reading gap	Gap Genre: Sci-Fi	AI suggests books to fill gap	High	FAIL
TC-ST43-002	User Story 43: Adaptive Learning Recommendations	Suggestions visible	Click Skip on suggestion	Adapt suggestions	Action: Skip	Future suggestions updated	Medium	FAIL
TC-ST44-001	User Story 44: Remember User	Login screen visible	Enter credentials → Check Remember Me → Login	Enable Remember Me	RememberMe: True	User stays logged in even after app close	Low	PASS
TC-ST44-002	User Story 44: Remember User	User previously enabled Remember Me	Logout → Reopen app	Check token validation	Token: oldToken123	Forced login (token invalidated after logout)	Low	PASS
TC-ST45-001	User Story 45: Bulk Operations for Book Upload	Admin logged in	Open Bulk Upload → Upload CSV → Submit	Bulk upload	File: books_batch.csv	Books processed and shown in summary	High	FAIL
TC-ST45-002	User Story 45: Bulk Operations for Book Upload	Invalid CSV uploaded	Upload CSV with missing fields	Validation errors	Row3: Missing Title	Errors shown and entries skipped	High	PASS
TC-ST46-001	User Story 46: AI-Powered Content Moderation	Admin logged in	Submit review → AI scan auto-runs	AI scans review	Review: 'Sample text'	Review scanned and approved/flagged	High	PASS
TC-ST46-002	User Story 46: AI-Powered Content Moderation	Offensive content submitted	Submit review with offensive words	Auto-flagging	Content: 'Offensive words'	Review flagged for moderation	High	PASS
TC-ST47-001	User Story 47: Like/Uptvote Reviews	User logged in	Open review → Click Like	Like a review	ReviewID: 701	Like count increases by 1	High	PASS
TC-ST47-002	User Story 47: Like/Uptvote Reviews	User already liked review	Click Like again	Prevent duplicate like	ReviewID: 701	Like not added again	Medium	PASS
TC-ST48-001	User Story 48: Thread Moderation Tools	Admin logged in	Open thread → Delete thread	Delete thread	ThreadID: 301	Thread removed successfully	High	PASS
TC-ST48-002	User Story 48: Thread Moderation Tools	User posts message	Post comment with bad keywords	Auto-censor runs	Comment: badword	Comment auto-censored	Medium	PASS
TC-ST49-001	User Story 49: Advanced Search Filters	User searching	Set filters → Search	Apply multiple filters	Year:2023, Lang:EN, Price:<500	Filtered results displayed	Medium	PASS
TC-ST49-002	User Story 49: Advanced Search Filters	Filters applied	Click 'Clear Filters'	Clear filters	(none)	All filters removed, full results shown	Low	PASS

Test Case ID	User Story	Preconditions	Steps	Scenario	Input Data	Expected Output	⌚ Priority	⌚ Actual Result
TC-ST50-001	User Story 50: Trial/Free Plans	User not subscribed	Open Plans → Select Free Trial	Activate free trial	UserID: 601	Trial activated successfully	High	FAIL
TC-ST50-002	User Story 50: Trial/Free Plans	Trial active	Open Subscription Page	View expiry date	TrialEnds: 30 days	Trial expiry date displayed	Medium	FAIL
TC-ST51-001	User Story 51: Reporting Inappropriate Content	User logged in	Open comment → Click 'Report' → Choose reason → Submit	Report inappropriate comment	Reason: Spam	Report logged and visible to admin	Low	PASS
TC-ST51-002	User Story 51: Reporting Inappropriate Content	Reports exist in dashboard	Admin opens Dashboard → Go to Reports → View details	Admin reviews reported content	(none)	Reported item displayed correctly	Low	PASS
TC-ST52-001	User Story 52: Continue Reading Shortcut	Book partially read earlier	Open homepage → Click 'Continue Reading'	Resume last-read book	BookID: 2101	Book opens at last saved page	Low	PASS
TC-ST52-002	User Story 52: Continue Reading Shortcut	User read on Device A	Read on Device A → Open same book on Device B	Cross-device resume	(none)	Reading position synced across devices	Low	PASS
TC-ST53-001	User Story 53: Offline Reading Access	Book cached earlier	Turn off internet → Open reader	Offline reading	BookID: 3101	Book opens successfully in offline mode	Low	PASS
TC-ST53-002	User Story 53: Offline Reading Access	User read offline	Reconnect to internet → Re-open book	Sync offline progress	(none)	Reading progress synced to cloud	Low	PASS
TC-ST54-001	User Story 54: Admin Broadcast Notifications	Admin logged in	Open Notifications → Create → Enter message → Send	Broadcast notification	Message: 'New Release Available'	Notification sent to all users	High	FAIL
TC-ST54-002	User Story 54: Admin Broadcast Notifications	A scheduled notification exists	Go to Schedule → Select notification → Cancel	Cancel scheduled broadcast	(none)	Scheduled notification successfully canceled	High	FAIL
TC-ST55-001	User Story 55: Dark Mode & Font Customization	User on reader settings page	Open Settings → Enable Dark Mode	Switch display theme	(none)	Dark mode applied instantly	Low	PASS
TC-ST55-002	User Story 55: Dark Mode & Font Customization	User reading a book	Settings → Adjust font size → Save	Update font preferences	Font Size: Medium	Font size updated	Low	FAIL
TC-ST56-001	User Story 56: Audio Book Support	Audiobook version available	Open book → Select Audio Mode	Switch to audiobook	BookID: 4501	Audio player opens and starts	Low	PASS
TC-ST56-002	User Story 56: Audio Book Support	Audio already playing	Pause → Rewind 10s → Change speed	Check audio controls	(none)	Player responds correctly	Low	FAIL
